

Webinar “Introduction to carbon pricing”

Date: 02 March 2021

Format: 2,5 hours virtual meeting

Language: English

Link: [Join MS Teams Meeting](#)

This workshop gives an introduction over recent trends of carbon pricing with a focus on expected implications on the energy sector in the Arab Region. Participants will gain an understanding of the role of carbon pricing and important aspects that should be considered in the design of a carbon price.

All times in UTC+2 (**Egypt Standard Time**)
